

Yellow Freestanding Signs

Available with a vast array of messages, these folding signs are ideal for temporary hazard marking. Manufactured from lightweight yet durable plastic, these signs are constructed with structure enhancing grooves on the inside to ensure a perfect balance between manoeuvrable and sturdy.

Features and Benefits

- Hinge design restricts sign opening to 35 degrees to give you the optimum standing position
- Multiple internal ridges for greater strength and stability
- Curved ergonomic handle for added comfort when transporting sign
- Bright yellow plastic used to ensure it is clearly visible
- Folds down to 30mm at its widest point to save on the amount of storage space it takes up when not in use
- No sharp edges to minimise the risk of injury during transportation
- Ten packs available – Excellent value for money

Personalisation

Any of the yellow signs can be tweaked to your exact specifications. Generally, people like to add their logo and/or contact details so that when working, passers-by can see who exactly is doing such a professional job!

If you require a message that's not shown as standard, we also offer a completely bespoke version tailor made for you.

Size
